Throw and Go Score Sheet: Level 2

Event Name:_____ Date:_____

Handler Name: _____ Dog Name: _____ Level:_____

Judges Scoring Notes: Rotate the score sheet to align it with the field direction the team has decided to play. The handler will signify which 5yd section they will be using. Cross out the 5 yd wide row that will be out of play. Catches in this zone will be considered out of bounds and will not count for points. Place a tally mark in the zone where a catch is made. The number in the zone indicates the number of points awarded for a catch in that zone. Place a tally for each missed catch or OB catch on the lines below the grid. If all discs (up to two), dog, and handler are all behind the throwing line when "time" is called, the team receives five bonus points.

6	5	4	3	1
12	10	8	6	1
6	5	4	3	1

Missed Catches: _____ OB Catches:_____

All Rollers? Y N Sweet Spot? Y N

Circle any achievements earned: **Sharpshooter** **Golden Receiver**
