

# Throw and Go Score Sheet - Level 1

Round:  UDC Team #

Event:  Date:

Handler:  Dog:  Level:

Jump Height:  Height Division:

Judges Scoring Notes: Rotate the score sheet to align it with the field direction the team has decided to play. Place a tally mark in the zone where a catch is made. The number in the zone indicates the number of points awarded for a catch in that zone. Place a tally for each missed catch or OB catch on the lines below the grid. If all discs (up to two), dog, and handler are all behind the throwing line when "time" is called or the disc is caught in the bonus zone (past the 20 yard mark) as the "t" in time is called or after, the team receives 5 bonus points.

6	5	4	3	1
12	10	8	6	1
6	5	4	3	1
